Shipping & Returns

Inspections

We may not be able to help with the second statement but we can with the first one. As part of the Business Process Outsourcing Industry, **The Allied Group** is well positioned to help our clients achieve a higher degree of fulfillment in the **storing, assembling and distribution** of important materials that can include products, samples and literature.

High-Integrity Communication

Top business thinkers have known for some time that logistical success often equals business success. If you can find a better way to move goods in and out of your organization and put the right things in the right people’s hands at the right time—your chances of success go up dramatically!

Transpromotional Documents & Communication

Our philosophy centers around helping our clients **contain, reduce or remove** costs within their supply-chain. We are able to help with all aspects including:

Invoice & Statement Rendering

- Procurement
- Warehousing
- Packaging
- Assembly
- Kitting
